

We want to become a Plastic-Free School!

Four of our Eco Council representatives from Year 2 went to a local multi-school event to share ideas about becoming a plastic-free school.

We joined forces with local infant and junior schools and acted out some drama scenes as well as a recycling sorting activity.

We have taken away lots of lovely ideas to try to become a plastic-free school so that we can prevent more animals from being needlessly harmed by our throwaway plastics.

Acting as a piece of litter!

Sharing ideas

Sorting activity

Pretending to be a fox who has swallowed some plastic.
