

Day 4

Lesson 14 - Follow a route

Independent Task

1. Tom walks 3 steps down and turns 1 step to the left. Where is he?
2. Tom walks 4 steps down and turns 1 step to the right. Where is he?
3. Tom walks 2 steps to the right and 3 steps down. Where does he end up?
4. Finally, Tom walks 3 steps to the right and one step down. Where does he go?

Challenge - Describe the route from Tom's home to the park.

Lesson 15 - Consolidate and Review

Work through the lesson, see how many questions you can answer. Some of the questions refer to the shape work that you did a few weeks ago, so it's a good chance to see what you can still remember.

It is important to keep revisiting topics in maths so that you don't forget what you've learnt.
