

Heatherside Infants Years 1 & 2

After school club Summer term 2024

ComputerXplorers is delighted to be able to offer an after school club for years 1 & 2 this term. We will run the club on a Monday afternoon and will tackle two great activities during the term.

Animation programming. Students will use 2Code to design, program and present their own unique game or program. They will build a solid foundation of basic programming skills enabling them to understand basic coding commands and principles.

Digital storybooks: In this course we will be giving the children the opportunity to write and design their own storybook. Their books will be a little different to those that you find in the library as they will be produced on a computer and will feature animated pictures and sound effects to complement the words.

- ➔ Each lesson will last one hour after school on a **Monday**. Please collect your children at 4.15pm from the front gates outside reception.
- ➔ Dates: April 15, 22, 29, May 13, 20, June 3, 10, 17, July 1, 8
- ➔ Cost for the 10 sessions is **£88 per child**. Payment will be split with a non refundable deposit of £20 paid on booking, followed by a two equal balance payments on 3rd May and 3rd June.

How do I register?

To book a place on this course go our website (address below) and click on the 'book a class' button on the homepage.
