

# Penguins, Swans Kingfishers

## Our key learning this week within our topic: Toys 22.4.24

We are enjoying the toys topic. Thank you to all parents/ grandparents who have loaned us their old toys to look at. The class discussions have been great! This week we will be writing our own stories based on the Old Bear story by Jane Hissey. We will be changing the characters to make it about our toys. We will also be reading poems by AA Milne and looking at Winnie the Pooh and his friends.

## Our key learning in Maths:

This week in maths we are comparing numbers to 100 and practising 1 more/ 1 less and 10 more/ 10 less.

## Reading

Please continue to read with your child and repeat the books for fluency and to practise their comprehension skills.

## This week's phonics to practise

Level 5 - level 5 ie (shield, field)

Some children are working on level 3 / 4 or early 5 oy ew (stew/ screw)

## Spellings

Because any many what when different eye

## Additional ways to support your child in order of priority

**Outdoor learning**— Collect adjectives to describe a leaf. Your parent can write these down for you. Now find a place outside. Can you find 5 different types of leaves? Take a close look at the leaves. Can you think of any more adjectives to add to your list? Are all leaves the same?

**Computing**—We have been looking at the parts of a laptop and a PC. Could you talk to your child about the parts including the mouse, monitor, keyboard, screen, trackpad, computer system unit.
